View and/or Address a Response**Project 19PR03766: Trelina Solar Energy Center/80 MW/900 Acres (AMSNF9HT58YY)**

Please accept the following information below as the consolidated response from NYS SHPO for the above referenced submission.

Review Responses

Reviewer	Review Type	Response
John Bonafide	Technical Services	The Division for Historic Preservation has reviewed the submitted architectural survey for the project area and has identified at least 2 historic properties that may be directly impacted by this undertaking. Once we have received and reviewed the previously requested Archaeological Study (Phase 1B) we will provide our formal comments under Section 14.09 of NYS Parks Law.
